

South Hills Integrated Psychiatric Services, P.C.

FEE ESTIMATES, effective October 2014:

The cost of psychiatric and medical services is difficult to predict exactly and each visit is determined by patient complexity, concerns addressed during the visit itself, issues that occur in between appointments, in addition to the total time required of M.D. These estimates are provided for planning purposes only.

New Patient Evaluation/ Consultation --

Base (generally 2- 3 hours) \$536

Follow-up visits --

Base (generally 25- 45 minutes) \$177 - 258

Estimate for visits requiring > 60 min \$309 - 319

Estimate for visits requiring > 75 min \$370 - 373

Estimate for visit requiring > 90 min \$434 - 499
